Institution _____

ZIP code/City/Country _____

Street/No. _____

Phone _____ E-mail _____

Private:

ZIP code/City/Country _____

Street/No. _____

Phone _____ E-mail _____

Location, Date _____ Signature _____

Use this leaflet to apply for a membership or download the application form at <https://www.magnesium-ges.de/index.php/en/membership>.

Please note: This privacy statement is part of the membership application:

In case of a successful application, I agree with the collection, processing (storage, adaption, transfer) and usage of personal data as described below. Legal basis for the processing of personal data is my written consent at the bottom of this page.

1. The Society for Magnesium Research e.V. collects, processes and uses personal data of its members by employing electronic data processing equipment, in accordance with the statutes of the Society. Without consent to the privacy statement, membership is not possible. Data will be stored by an electronic data processing system and secured by appropriate technical and organisational measures.

This applies especially to the following data of the member:

- Name and addresses (official and private)
- Date of birth
- Title, institution, function, status
- Phone and fax numbers
- E-mail addresses
- Bank details for the direct debit of the membership fee
- Date of entry and withdrawal
- If applicable, task within the Society
- Payment status of the membership fee
- Mode of payment
- Annual fee
- Documentation of payments

Other data of the member will only be processed or used if necessary for the purposes of the Society and if there is no conflict with an interest worthy of members data protection.

2. Selected personal data of the members (e.g. name, institution) may be published if required by the purposes of the Society.
3. If a member gives a lecture at the annual symposium of the Society, an abstract including the name and address of the lecturer will be published on the homepage of the Society and in the conference proceedings. For that purpose, the abstract may be submitted to a scientific journal.
4. Every member has the right to object to the processing and submission of personal data by contacting the board of the Society. In this case, we will stop processing the data concerned.
5. The Society uses your E-mail address for providing information e.g. on symposia and general meetings.
6. A printed or electronic list of the members will be administered to the board or other authorized persons who are obliged to handle your personal data with care and fulfill the requirements of the Societies privacy policy.
7. Every member has the right to obtain information about the personal data stored, the recipients and the reason for storage, as well as the right to correction, deletion, transfer and suspension of data, restriction of data processing and the right to object due to special circumstances.
8. Processing and usage of the data for purposes other than stated in the statutes of the Society (e.g. marketing purposes) is only allowed in case of legal obligations or if the member has explicitly approved such use. The selling of data is not permissible.
9. Personal data of the member will be deleted within one year after termination of the membership. Data that concern cash management will be stored for up to 10 years from termination of the membership, according to fiscal law.
10. Every member has the right to object to the processing and submission of personal data at any time and the right to complain at a regulatory authority.

Society for Magnesium Research e.V.

Scientific Association
Founded 1977

www.magnesium-ges.de

Who we are

The Society for Magnesium Research e.V. is an association of clinical investigators, scientists with different academic background (e.g. biology, chemistry, nutrition science) and practitioners.

It is represented by the board, consisting of the President, the Vice President and the Secretary/Treasurer.

Our Aims

Despite extensive scientific literature and research on magnesium, its relevance for human health is still being underestimated. Therefore, the intention of the Society for Magnesium Research e.V. is to raise awareness regarding the significance of magnesium among clinicians and practitioners.

We promote...

- scientific research on magnesium
- communication between scientists, clinicians and practitioners
- scientific exchange of ideas concerning magnesium

Official journal of the Society for Magnesium Research e.V.:
Trace Elements and Electrolytes (ISSN: 0946-2104)

Promotion of Magnesium
in Research & Medicine

Our activities

- Annual Symposia focusing on current magnesium research (incl. continuing medical education (CME) points)
- Interdisciplinary exchange
- Scientific publications
- Financial support of research projects of young scientists

Become a Member!

Support our work by becoming a member and engage yourself. Admission of your written application (form overleaf) is provided by the managing committee in compliance with the statutes of the Society

Annual fee:

Ordinary members:	€ 40,00
Students/Pensioners:	€ 20,00
